SOFT ROBOTS THAT can grasp delicate objects, computer algorithms designed to spot an “insider threat,” and artificial intelligence that will sift through large data sets – these are just a few of the technologies being pursued by companies with investment from In-Q-Tel, the CIA’s venture capital firm, according to a [document](#) obtained by *The Intercept*.

Yet among the 38 previously undisclosed companies receiving In-Q-Tel funding, the research focus that stands out is social media mining and surveillance; the portfolio document lists several tech companies pursuing work in this area, including Dataminr, Geofeedia, PATHAR, and TransVoyant.

Someone in Russia sent some tweets, Theresa May warns the entire Western world may crumble

May told the audience, the absolute definition of establishment, that Russia *"is seeking to weaponise information deploying its state run media organisations to plant fake stories and photo shopped images in an attempt to sow discord in the West and undermine our institutions."*

"The UK is not and will not be afraid to deploy its hard power where necessary. Indeed this is happening around the world as I speak from our world leading covert agencies to over a thousand troops deployed in Iraq and Afghanistan, to our Royal Air Force operating in the skies over Syria and Iraq, and our Royal Navy patrolling the waters of the Gulf."

For the coming days ahead.

Ask yourself an honest question, why would a billionaire who has it all, fame, fortune, a warm and loving family, friends, etc. want to endanger himself and his family by becoming POTUS?

Why would he want to target himself and those he cares about?

Does he need money?

Does he need fame?

What does he get out of this?

Does he want to make the US/world a better place for his family and for those good and decent people who have long been taken advantage of?

Perhaps he could not stomach the thought of mass murders occurring to satisfy Moloch?

Perhaps he could not stomach the thought of children being kidnapped, drugged, and raped while leaders/law enforcement of the world turn a blind eye.

Perhaps he was tired of seeing how certain races/countries were being constantly abused and kept in need/poor/and suffering all for a specific purpose.

Perhaps he could not in good conscious see the world burn.

Why, hours after the election, did seven people travel to an undisclosed location to hold a very private & highly secured/guarded meeting?

Why didn't HRC give a concession speech?

When was the last time a presidential candidate didn't personally give a concession speech?

What happens if the border remained open and the MSM continued to brainwash?

At what point do Patriots, and hard working men and woman, become the minority?

What about voting machines?

Who owns the voting machines?

What about voter ID laws?

Photo ID? When is it necessary and must be presented? Make a list. Laugh.

Reconcile.

Would the chances of defeating evil grow less and less with each passing year?

What does 'red line' mean?

Why, again, were the arrests made in SA so very important?

What strings were immediately cut?

Pope Francis: prioritise migrants' dignity over national security

Source: theguardian.com

Terrorism is not fueled by the religion of Islam itself. Terrorism is fueled in large part by a lack of work and opportunity for people. When the pursuit of money instead of the well-being of people is the aim of a society, we have the conditions for terrorism. In fact, this removal of God from the center of our lives, and His replacement with money is the first terrorism. This is the root from which all terrorism flows.

Soros paid \$650,000 in April 2015 to fund an initiative meant to shape the Pope's U.S. visit to "shift national paradigms and priorities in the run-up to the 2016 presidential campaign," [emails](#) revealed via WikiLeaks [show](#). Among those priorities is [inserting his supposed humanitarian nose in other entities' business to promote his leftward-leaning causes](#), including population control, abortion, [euthanasia](#), and [homosexual "marriage."](#)

But Soros was also paying two leftist organizations to work to get "buy-in of individual bishops" who could be counted upon to show more public support of "economic and racial justice messages" and also secure a collection of bishops "who are aligned with the Pope."

Owner's Rule #1: 40,000 Foot Level Point of View

June 28, 2013 By [Jan Triplett](#) – [Leave a Comment](#)

The Owner's Point of View

The "40,000 Foot Owners View" symbolizes the number one rule for owners who want to be successful: stay at the 40,000 foot level for planning and making decisions instead of getting bogged down in the day-to-day weeds of running and managing the business. This is especially important when using networking to grow a business. It's a critical skill owners must have in order to survive the challenges and take advantage of opportunities.

CARLSBAD, Calif.—A secretive three-day conference where big money liberal donors are plotting the next steps of the "resistance" will be headlined by Friday speeches by billionaire George Soros and Democratic House Minority Leader Nancy Pelosi, according to internal documents obtained by the *Washington Free Beacon*.

The Democracy Alliance, a donor club of deep-pocketed liberal donors that each pledge to direct hundreds of thousands of

dollars in funding to approved left-wing groups, descended on California's posh La Costa Resort on Wednesday morning for its fall donor summit. The group continued its tradition of secrecy, promising all members and guests of the summit their participation would "remain confidential."

Liberal billionaire George Soros and House Minority Leader Nancy Pelosi were listed as the main attractions Friday at a California gathering of the anti-Trump elite.

The four-day event in Carlsbad, titled "Beyond #Resistance: Reclaiming our Progressive Future," asked that guests refrain from contacting the media or posting to social media, the agenda [shows](#).

Other speakers appearing in person or via video were expected [to include](#) U.S. Sens. Kamala Harris, D-Calif., and Amy Klobuchar, D-Minn.; U.S. Rep. Ben Ray Lujan, D-Minn.; and Democrats Gov. Tom Wolf of Pennsylvania and governor-elect Ralph Northam of Virginia.

BREAKING NEWS: Several feared dead as helicopter and plane collide in mid-air over Rothschild family's Buckinghamshire manor house

21:05 17 Nov

'Loud bang' shock of Rothschild family member

A member of the Rothschild family at Waddesdon Manor has told of her shock after lunchtime's mid-air collision between a helicopter and an aircraft missed her by five minutes.

The woman, who did not want her full name published, told the Press Association she heard a loud bang while she was driving her car to a dog grooming event, near Waddesdon, in Buckinghamshire.

Just five minutes earlier she had been picking a plant in the Wilderness Woods, the scene of the crash site, on the Waddesdon Estate.

"I'm totally shocked," she said. "I heard a loud bang, which I thought was a car crash."

Four people have been killed in a mid-air collision between a helicopter and light aircraft flying from an airfield where air traffic control had been shut due to "staff shortages".

A Notice to Airmen was previously issued to warn pilots the air field's air traffic control services would be closed during three 30-minute periods on selected days between November 7-30 due to a "staff shortage".

The crash occurred around half an hour after the latest closure was due to end.

CONFIRM GREEN SKY = giving an order to Captain Green to do something to the Rothschilds.

Q gave us this crumb beforehand, and also wrote a message to LdR (we can hear you breathing).

This was a map. Q told us that future shows the past meaning that a future event (Captain Mike Green doing something with a helicopter to Rothchilds) will explain these keywords and confirm that Q knows top secret information.

Green, obviously a good guy, had a mission. We don't know what exactly he was supposed to do. But it had to be something very serious because bad guys countered very seriously and killed several people.

Mission failed.

Saavan Munda

Capt. Mike Green, a senior flight instructor, was flying the two-seater helicopter, which had taken off from Wycombe Air Park. He was also carrying another passenger on a "gift sight-seeing tour," reported MailOnline.

Many of Green's former colleagues and friends paid tribute to the well-loved pilot.

Former colleague Capt. Phil Croucher told the news station: "I shared a cup of tea with him only on Thursday morning. He was a true gentleman. He was probably the most well-respected instructor in the country. He achieved a very high position within the army as an instructor.

The same scene in Macbeth talks about a falcon flying freely before being ambushed by an owl. It is noted that the owl does not normally hunt the falcon. The scene continues to talk about many odd happenings and a darkness on the horizon for humanity. It is noted that even the horses are rebelling and turning upon one another (specifically eating each other).

Current conclusions?

so Titanic -> Rothchild screws America by making our money worthless -> crash of 29 -> Tons new government which doesn't fix the problem Rothchild created (but a war helps) -> cia -> everyone blackmailed with sex tapes -> media consumed cia -> Country forced hard left -> population to puppets -> Causes uprising by certain Patriots like Kennedy/Reagan/Trump and while they managed to kill Kennedy and outlast Reagan enough lessons were learned that we are now finally ready to clean house and become America again?

Citigroup, Twitter, Lyft: Prince Alwaleed's Arrest Touches Many

<https://archive.fo/ixJtu>

<https://archive.fo/1GT1F>

Mr. Rizvi, 47, runs a private investment company that is the largest outside investor in Twitter, with a 15.6 percent stake worth \$3.8 billion at the end of trading on Thursday. Using a web of connections in the tech industry and in finance, as well as a hearty dose of good timing, he brought many prominent names in at the ground floor, including the Saudi prince and some of JPMorgan's wealthiest clients.

Insight: Little-known Hollywood investor poised to score with Twitter IPO

Ronald Grover, Gerry Shih

10 MIN READ

LOS ANGELES/ SAN FRANCISCO (Reuters) - When Twitter goes public in coming weeks, one of the biggest winners will be a 47-year-old financier who guards his secrecy so zealously that he employs a person to take down his Wikipedia entry and scrub his picture from the Internet.

Twitter CEO Ali Rowghani (2nd left), Prince Alwaleed (center), and Mr. Suhail Rizvi (right).

Rizvi Traverse Capital's other major investments include a controlling interest in Playboy and music rights organization Sesac, as well as stakes in news app Flipboard and Jack Dorsey's digital payments company, Square. Sources told CNBC that Rizvi invested \$100 million in Facebook before its IPO and sold its shares earlier this year. It also has sold its equity stake in talent agency ICM, and in "Twilight" producer Summit Entertainment, which sold to Lionsgate.

Rizvi's biggest individual client is Prince Waleed Bin Talal of Saudi Arabia who invested \$300 million pre-IPO in Twitter through Rizvi Traverse. Rizvi also invested JP Morgan Chase's \$400 million pre-IPO in Twitter. Rizvi is reported to have used personal connections in Silicon Valley to purchase these stakes from Twitter employees.

>One of the first big milestones in this transformation took place in November 2004 when Google acquired a tiny and little-known 3-D mapping startup called Keyhole Inc. Google paid an undisclosed sum for the company, immediately absorbed it, and began turning its tech into what we now know as Google Earth. The acquisition would have gone unnoticed, had it not been for one not-so-tiny detail: Keyhole Inc was part-owned by the CIA and the "National Geospatial-Intelligence Agency" (NGA), a sister agency to the NSA. Keyhole Inc also had one major client base: US military and intelligence agencies.

Google is like a cheat code for intelligence gathering.

The CIA helped sell a mapping startup to Google. Now they won't tell us why

"We can neither confirm nor deny..."

The most obvious question is: What prompted the acquisition? Did Google buy Keyhole -- and take on all its military contracts and NatSec liabilities -- because it badly needed its 3D mapping technology? Or did Google see the acquisition as a convenient way of getting into the military contracting business? Was there any internal discussion in the company about the benefits and pitfalls of absorbing a startup so closely tied with the CIA and the Pentagon?

Soros, Ford Foundation shovel \$196 million to 'net neutrality' groups, staff to White House

by Paul Bedard | Feb 26, 2015, 6:56 PM

"These left-wing groups not only impacted the public debate and funded top liberal think tanks from the Center for American Progress to Free Press. They also have direct ties to the White House and regulatory agencies. At least five individuals from these groups have ascended to key positions at the White House and FCC," said the report which included funding details to pro-net neutrality advocates.

It is the fantasy, dare I say wet dream, of all Hillary-haters and all Trumpsters everywhere.

Donald Trump is going to take down the deep state. A stunning military coup. Truth. Straight down. As you read these very words there are over 1,000 sealed indictments for Hillary Clinton and other deep state operatives. Further, the US courts cannot be trusted as they are riddled with bought and corrupt jurists, so military tribunals will be used to try these enemies of the state. It's going down...

Q is an anonymous poster on 4chan. Q began posting in late October. His posts are in the form of questions, short statements, long lists of connected important people/things, obscure acronyms, and occasionally random series of characters and symbols. Q refers to these clues as "breadcrumbs" and claims they are releasing the "biggest insider drop in the history of the world".

Here's a pastebin that supposedly has collected Q's various postings

Q is gaining traction, both on Twitter, with youtubers and here in Pravdareport.

Senator John McCain tweeted a picture of himself in his garden, with his surgical boot on the other leg. The buttons on his shirt and vest indicate that the photos weren't mirrored.

People noticed, and McCain answered later: "Thank you for your support & best wishes. My left leg was doing extra work to compensate for the boot, so I'm giving it a break."

Two Internet memes found on 4chan. Conspiracy theorists never sleep... One person in this photo of the Rothschild family bears a striking resemblance to James Alefantis, owner of Comet pizza in DC. This sort of thing only generates more questions... Now I don't know what to think!

At In-Q-Tel, Painter's work focused on identifying, researching and evaluating "new start-up technology firms that were believed to offer tremendous value to the CIA, the National Geospatial-Intelligence Agency, and the Defense Intelligence Agency." Indeed, the NGA had confirmed that its intelligence obtained via Keyhole was used by the NSA to support US operations in Iraq from 2003 onwards.

A former US Army special operations intelligence officer, Painter's new job at Google as of July 2005 was federal manager of what Keyhole was to become: Google Earth Enterprise. By 2007, Painter had become Google's federal chief technologist.

'TK' refers to Talent/Keyhole, code names for imagery from reconnaissance aircraft and spy satellites,

Mr Prince, the brother of Education Secretary Betsy DeVos, generated both headlines and controversy in the aftermath of the 9/11 attacks, when the Bush administration sought to make use of private contractors as part its so-called war on terror. Human rights groups highlighted reports of torture and abuse linked to various mercenaries.

Folks -- a terrific addition to the HHS team would be Dr. Susan J. Blumenthal. She's the wife of Rep. Ed Markey, a crucial Hill ally. She retired from the HHS Public Health Service as a Rear Admiral. I pulled the bio below from the Center for the Study of the Presidency. She'd obviously be especially terrific looking at the PHS, NIH, Women's Health. She knows a lot about where bodies are buried.

Pretty important to include her somehow. OK? Please let me know. I'm having dinner with Markey on Monday.

In thread #127 these crumbs were posted and were RELENTLESSLY attacked by Shills unlike anything since original Q drops.

Facebook, Google and Twitter are 95+% of internet for Normies. .coms are rarely used and when they are its almost all from links from one of these three central points. Together they are the Gateway of the internet for Normies.

Why is this important? Because now the vast majority of political debate, activism, normal debate and sharing of ideas (1st amendment rights) is done online.

For years the Big3 fought censorship. However, in May 2016 Facebook, Google, Twitter and Microsoft signed the European Union's "Code of Conduct" agreement. That would be one thing if they only enforced it in EU Internet space, but they adopted the agreement into their Terms Of Service for EVERYONE. Thus by DeFacto they REPEALED and REPLACED our 1st Amendment with NO VOTE, NO DEBATE and ocmpletely RAPED Our Political Process and MOST FUNDAMENTAL RIGHT! The Right that above all else keeps us from another Civil War and keeps us free and keeps USA ideals USA.

That has now been compromised and the EU is running our flow of information.

Also, the Big3 are being used as a NeoStasi type Intelligence operation. Big3 have over 1 billion users and they know EVERYTHING about each and every one. Habits, cravings, shopping, moods, beliefs, eye and facial movements (Now with Facial recognition software in phones) and they sell this info to whoever pays. Look into what Stasi did. Now ask what has the Big3 done last year especially? Remember FB admitting they targeted "Depressed Teens?"

The protesting Islamists, from the hardline Tehreek-i-Labaik Ya Rasool Allah Party, want the law minister to be sacked for omitting a reference to the Prophet Muhammad in a new version of the electoral oath.

The image is a composite of two screenshots. The left screenshot shows Donald Trump's Twitter profile at 1:57 PM on November 25, 2017. A tweet from 16 minutes ago reads: "Happy #SmallBusinessSaturday! A great day to support your community and America's JOB creators by shopping locally at a #SmallBiz. #ShopSmall". Below the tweet is a promotional graphic for Small Business Saturday. The right screenshot shows a 4chan archive page for the board /pol/. Some anon checked President Trump's twitter account at 13:57 (1:57pm), 16 mins earlier POTUS tweeted #shopsmall, that would have been at 13:41. Six minutes before that tweet, at 13:35, Q posted the code: "goTWIT_P_act-small#". Draw your own conclusions.

At this point the CBTS thread was again flooded with so-called bots and shells, people posting irrelevant nonsense, trying to start discussions about other (non) issues. One person was posting horrible picture after horrible picture of decomposing corpses, dismembered limbs and disfigured bodies. The result was once again that one would have to scroll through endless amounts of rubbish in order to read a post from some anon genuinely trying to answer Q's questions. Amazing that so many would spend so much effort trying to derail and discourage a thread if it was only a prank?

People wonder why the Obamas are wearing the exact same outfits as last spring in their 2017 thanksgiving tweets?

This political commentator wonders out loud who really is handling Hillary's tweets?

...and asks about the whereabouts of one Tony Podesta.

I was here last night, the shills were out in full force, it was fucking crazy in here, they were talking to each other like I never seen, alot of false info was thrown out and they all were in on it posting false Q post and megaton post

Yes, the sheer volume of the amount of shilling and nonsense on CBTS makes you think someone is being paid to be disruptive...

Adrenochrome is mentioned in the movie “Fear and Loathing in Las Vegas” starring Johnny Depp and if you watch this quick clip to the end, it talks about this drug. Take a look.

CLIP DESTRIPTION: The two protagonists are tripping on LSD in their hotel room. Duke (Johnny Depp) is ingesting some kind of liquid drug from a dropper, and asks his partner from whom he got the drug.

- Dr. Gonzo: “Satanism freak.”

- Duke: “I think there’s only one source of this stuff. The adrenalin gland from a living, human body.”

- Dr. Gonzo: “I know... The guy didn’t have any cash to pay me. He offered me human blood - said it would take me higher than I’ve ever been in my life. I thought he was kidding, so I told him I’d just as soon have an ounce or so of pure adrenochrome - or maybe just a fresh adrenaline gland to chew on.”

“Yessir, they nailed this guy for child molesting. He swore he didn’t do it. “Why should I fuck with children?” he says. “They’re too small.” Christ, werewolf is entitled to legal counsel. I didn’t dare turn the creep down. He might have picked up a letter opener and gone after my pineal gland!”

In this clip, it’s interesting to note the discussion between Depp and the dealer he’s talking to. If you didn’t realize it, they’re talking about how it’s harvested in a roundabout way.

Yes, I’m well aware this is supposed to be fiction, however most fiction is based on real life events. Au-

thors do a lot of research on their subjects and this movie isn’t about Depp going down the rabbit hole or making chocolate in a make believe factory.

This is much closer to real life than people would like to admit. Adrenochrome is a chemical produced by the human body when adrenaline (or epinephrine) oxidizes or “hits the air.” It’s produced when the body is traumatized in some way such as through torture or extreme terror.

When a stimulus which should produce extreme fear is introduced to a human, especially when someone is very young, the adrenaline produced is more potent than the average adult. Because of its psychoactive properties Adrenochrome has been linked to mind control drug. Think MK Ultra.

The extraction process is done by killing the person and harvesting the adrenochrome from the base of the neck and spinal column with a needle.

In it’s pure form, black market dealers can make extreme amounts of money when they sell it. This connection between the child sex trafficking, torture and murder of children around the world and the links between MS-13, high profile pedopushers like Podesta and Alefantis and all the ties between these non-profit organizations pretending to provide assistance to victims of various disasters around the world makes sense when you think about this type of drug trafficking.

What better way to collect children than from war torn or natural disaster ripped areas? Parents are gone, families are separated. It’s too easy to get these kid in and out of the country. They slap a few faces of children on their posters and then no one ever really tracks the kids after a certain point.

Once the [Beacon revealed the attendees](#), the group reportedly beefed up security and asked participants to keep details off social media.

One of the surprising guests was Ross, who used to pass as a somewhat impartial reporter for the prestigious Post. While the paper's slogan is, "Democracy Dies in Darkness," she apparently wanted to keep her bosses in the dark about attending the liberal planning session and hanging out with prominent Democratic donors such as Soros.

If you can poke Prince Charles in the chest like he's your bitch, you may be a Rothschild.

Ahh, Internet memes... they're supposed to be a bit naughty, aren't they? One visual framed with a couple of words can really be an eye-opener. This is what people call red-pilling.

The Responsibility of Rulers

6 So then, you kings, you rulers the world over,
listen to what I say, and learn from it.

2 You govern many lands and are proud that so many
people are under your rule,

3 but this authority has been given to you by the Lord
Most High. He will examine what you have done and
what you plan to do.

4 You rule on behalf of God and his kingdom, and if
you do not govern justly, if you do not uphold the law,
if you do not live according to God's will,

5 you will suffer sudden and terrible punishment.

Judgment is especially severe on those in power.

6 Common people may be mercifully forgiven for their
wrongs, but those in power will face a severe judgment.

7 The Lord of all is not afraid of anyone, no matter how
great they are. He himself made everyone, great and
common alike, and he provides for all equally,

8 but he will judge the conduct of rulers more strictly.

9 It is for you, mighty kings, that I write these words,
so that you may know how to act wisely and avoid
mistakes.

10 These are holy matters, and if you treat them in a
holy manner, you yourselves will be considered holy.

If you have learned this lesson, you will be able to
defend yourselves at the Judgment.

11 So then, make my teaching your treasure and joy,
and you will be well instructed.
